

# Basic Care

at Edgewood  
Dominion

Edgewood is happy to participate in the Basic Care Assistance Program, a Medicaid feature. If a resident is approved for a Basic Care Screening by a county social worker and approved financially for Medicaid, their rent at Edgewood will be based on their income.

Care and services for those enrolled in the Basic Care Program are included in their monthly rent. Each resident's care plan is personalized to include services based on their overall need for daily assistance and acuity.
